

Thing Explainer: Complicated Stuff in Simple Words (Illustrated edition)

By Randall Munroe

John Murray General Publishing Division. Hardback. Book Condition: new. BRAND NEW, Thing Explainer: Complicated Stuff in Simple Words (Illustrated edition), Randall Munroe, From the No. 1 bestselling author of *What If?* - the man who created *xkcd* and explained the laws of science with cartoons - comes a series of brilliantly simple diagrams ('blueprints' if you want to be complicated about it) that show how important things work: from the nuclear bomb to the biro. It's good to know what the parts of a thing are called, but it's much more interesting to know what they do. Richard Feynman once said that if you can't explain something to a first-year student, you don't really get it. In *Thing Explainer*, Randall Munroe takes a quantum leap past this: he explains things using only drawings and a vocabulary of just our 1,000 (or the ten hundred) most common words. Many of the things we use every day - like our food-heating radio boxes ('microwaves'), our very tall roads ('bridges'), and our computer rooms ('datacentres') - are strange to us. So are the other worlds around our sun (the solar system), the big flat rocks we live on (tectonic plates), and even the...
