Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. **COMPREHENSIVE EMERGENCY MANAGEMENT FOR LOCAL GOVERNMENTS: DEMYSTIFYING EMERGENCY PLANNING** is a how-to guide for staff in small to mid-sized local governments. It is incumbent upon such local authorities to be as prepared as possible for the natural and human-caused emergencies that seem to be occurring with greater frequency throughout North America, whether large or small, urban or rural. Preparing for such an eventuality is not ad hoc or sporadic: it follows a logical process considering a wide range of important aspects well beyond what is traditionally considered emergency preparedness. Comprehensive Emergency Management (CEM) is a framework intended to guide novice emergency planners through the complete process of mitigation, preparedness, response and recovery. This work also includes an introductory chapter on the nature of local government emergency planning and a final chapter of tips on putting it all together. Between these are detailed chapters on each of the four phases of comprehensive emergency management. The Mitigation chapter provides a thorough review of the concept of risk, risk assessment, management and communication. The Preparedness chapter constructs the preparedness plan which is an assembly of a general emergency management plan, four common priority plans covering public information, emergency social services, evacuation and telecommunications, and finally, hazard-specific preparedness plans for each hazard facing a community. The Response chapter covers the unique nature of response where the preparedness plan is put into use. Specifically, it addresses the scale of response by discussing mutual aid and supplementary resources. The Recovery chapter touches on the three cornerstones of recovery: staff, facilities and services. It also includes comments on the unique end to emergencies in addressing Returning to Normal. Together they lead the emergency...
